On August 11, 2020 the Curyung Tribal Council established the COVID-19 Emergency Assistance and Disaster Relief Program, which is designed to provide non-taxable economic relief to enrolled citizens of the Curyung Tribal Council by providing additional resources to maintain adequate housing, transportation, food, water, medication, medical care, utilities, and basic life necessities to help alleviate the financial hardships endured from the loss of income and increased costs due to the global COVID-19 pandemic.

This Program is funded with monies received by the Tribe from the Treasury COVID Relief Fund. As such, this program is designed to comply with the CARES Act requirements and guidance issued by the U.S. Department of Treasury. The CARES Act prohibits duplication, which means that you may not receive assistance if already receiving the same benefit from another source or program. Applicants may be eligible for multiple programs to address different needs but may not receive assistance for the same need from multiple programs.

In order to receive assistance, an applicant must demonstrate eligibility for the program on this application and must include applicable information demonstrating a financial impact due to the global coronavirus pandemic. Assistance will be provided in the form of direct vendor payments and/or pre-purchased store cards/credit to be used for eligible supplies. Direct vendor payments will require statements and/or receipts provided to Curyung for payment processing. No direct payments in the form of cash or check to the tribal citizen will be provided.
